

Bissau generator container manufacturer

Overview

FTMRS SOLAR specializes in photovoltaic power generation, solar energy systems, lithium battery storage, photovoltaic containers, BESS systems, commercial storage, industrial storage, PV inverters, storage batteries, and energy storage cabinets for European markets. our eco° GEN-C series features all-in-one packaged power generation solution, engineered for mobility, easy deployment and scalability each power container is engineered to meet specific application requirement, customisations to include: engine type, noise level control and power capacity. We specialize in large-scale energy storage systems, mobile power stations, distributed generation, microgrids, containerized energy storage, photovoltaic projects, photovoltaic products, solar industry solutions, photovoltaic inverters, energy storage systems, and storage batteries. Jenbacher offers containerized generator sets based on our Type 2, 3, 4, and 6 gas engines. This genset container has a structure with 4 extendible telescopic feet that allow to raise it from the ground.
