

Huawei 4G solar container communication station inverter purchase price

Overview

Comprehensive Value Proposition: With residential models starting at €785 and offering 10-year warranties, competitive pricing per kW, and advanced monitoring through the free FusionSolar platform, Huawei inverters deliver exceptional ROI with payback periods of 5-8 years in most.

Comprehensive Value Proposition: With residential models starting at €785 and offering 10-year warranties, competitive pricing per kW, and advanced monitoring through the free FusionSolar platform, Huawei inverters deliver exceptional ROI with payback periods of 5-8 years in most.

The Huawei Smart Dongle-4G (SDongleB-06-EU) is a compact, USB-connected 4G communication module that allows Huawei inverters to connect to the FusionSolar cloud platform via a mobile network. Thanks to its Plug & Play installation, it can be set up in minutes and ensures reliable data transmission. Huawei solar inverters for every system size at the best price with worldwide delivery on Europe-SolarStore.com

The Huawei Smart Dongle-4G is an intelligent communication extension module that is compatible with Huawei inverters and enables wireless communication via 4G networks between inverters and management systems. Once plugged in, the WLAN access point can be used for local deployment to realize intelligent power management and plant maintenance.
