

# Intelligent Energy Storage Cabinet 500kW Project Solution

## Overview

□□ High-Capacity Outdoor Energy Storage for Scalable Applications Key Features□  
1075kWh battery storage with 500 kW rated AC output, ideal for commercial and industrial loads. Combines LFP batteries, PCS, EMS, BMS, power distribution, fire protection, and cooling systems in. The 500kW/1MWh C&I medium-sized energy storage cabinet system is an energy storage system applied in industrial and commercial scenarios. It can be directly connected to the AC low-voltage side to provide reliable power support for various equipment and systems. 12. The Microgrid System combines high-density lithium battery storage, MPS Microgrid Cabinet, intelligent EMS control, fire safety, thermal management, and SCADA connectivity — all pre-engineered and delivered as a turnkey cabinetized unit. Why 500kW/1044kWh+500kWp PV Microgrid System□ The Microgrid. Product Range: 500 kW / 1,075 kWh - 1 MW / 1,100 kWh, or fully customized.
